Printing Tips:

Printer Settings: Please make sure your printing settings do not shrink paper patterns down. Check "no" for fit to page. Check 100% for scaling. Use the 1" test square on the paper patterns to make sure your patterns are accurate in size.

**Print this page and measure this
1" x1" test square to make sure
the paper patterns have printed
correctly.**

Quick Tip- If you don't want to make an Instagram style purse, but still want to use this pattern to make a zippered pouch with lining and a strap, just skip the rainbow fabric, felt pieces, and top pattern fabric and cut (2) "Back Exterior pattern pieces instead. Use the added "Back" Exterior pattern as your front exterior pattern.
