# Happy Fall

Mini quilt pattern by Sugaridoo  
for sewmamasew

[www.sugaridoo.com](http://www.sugaridoo.com) [www.sewmamasew.com](http://www.sewmamasew.com)

This file contains all the paper piecing patterns for the Happy Fall quilt. This mini quilt will measure 49 x 49cm when finished. (That's about 20 x 20".) Each block will measure 15 x 15cm in finished size. All sections of the pattern have a 7,5mm seam allowance. The sashing between the blocks is 1cm wide.

Further instructions and pictures of the finished quilt can be found at the sew mama sew blog: [www.sewmamasew.com](http://www.sewmamasew.com) With any questions about this little quilt, please contact [info@sugaridoo.com](mailto:info@sugaridoo.com).

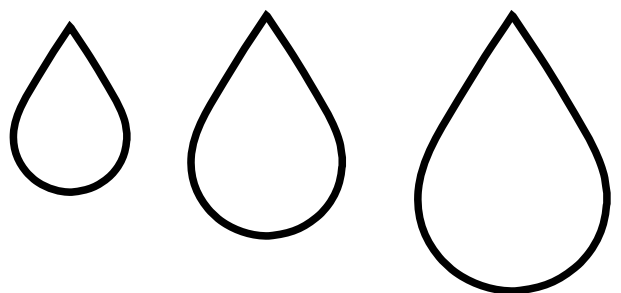

On the next page you will find a line drawing of the design which you can use to color and choose your fabrics.

The page after that gives you the layout of the sections of all the blocks. You will find only eight blocks in this pattern, both rain boot blocks are made with the same pattern.

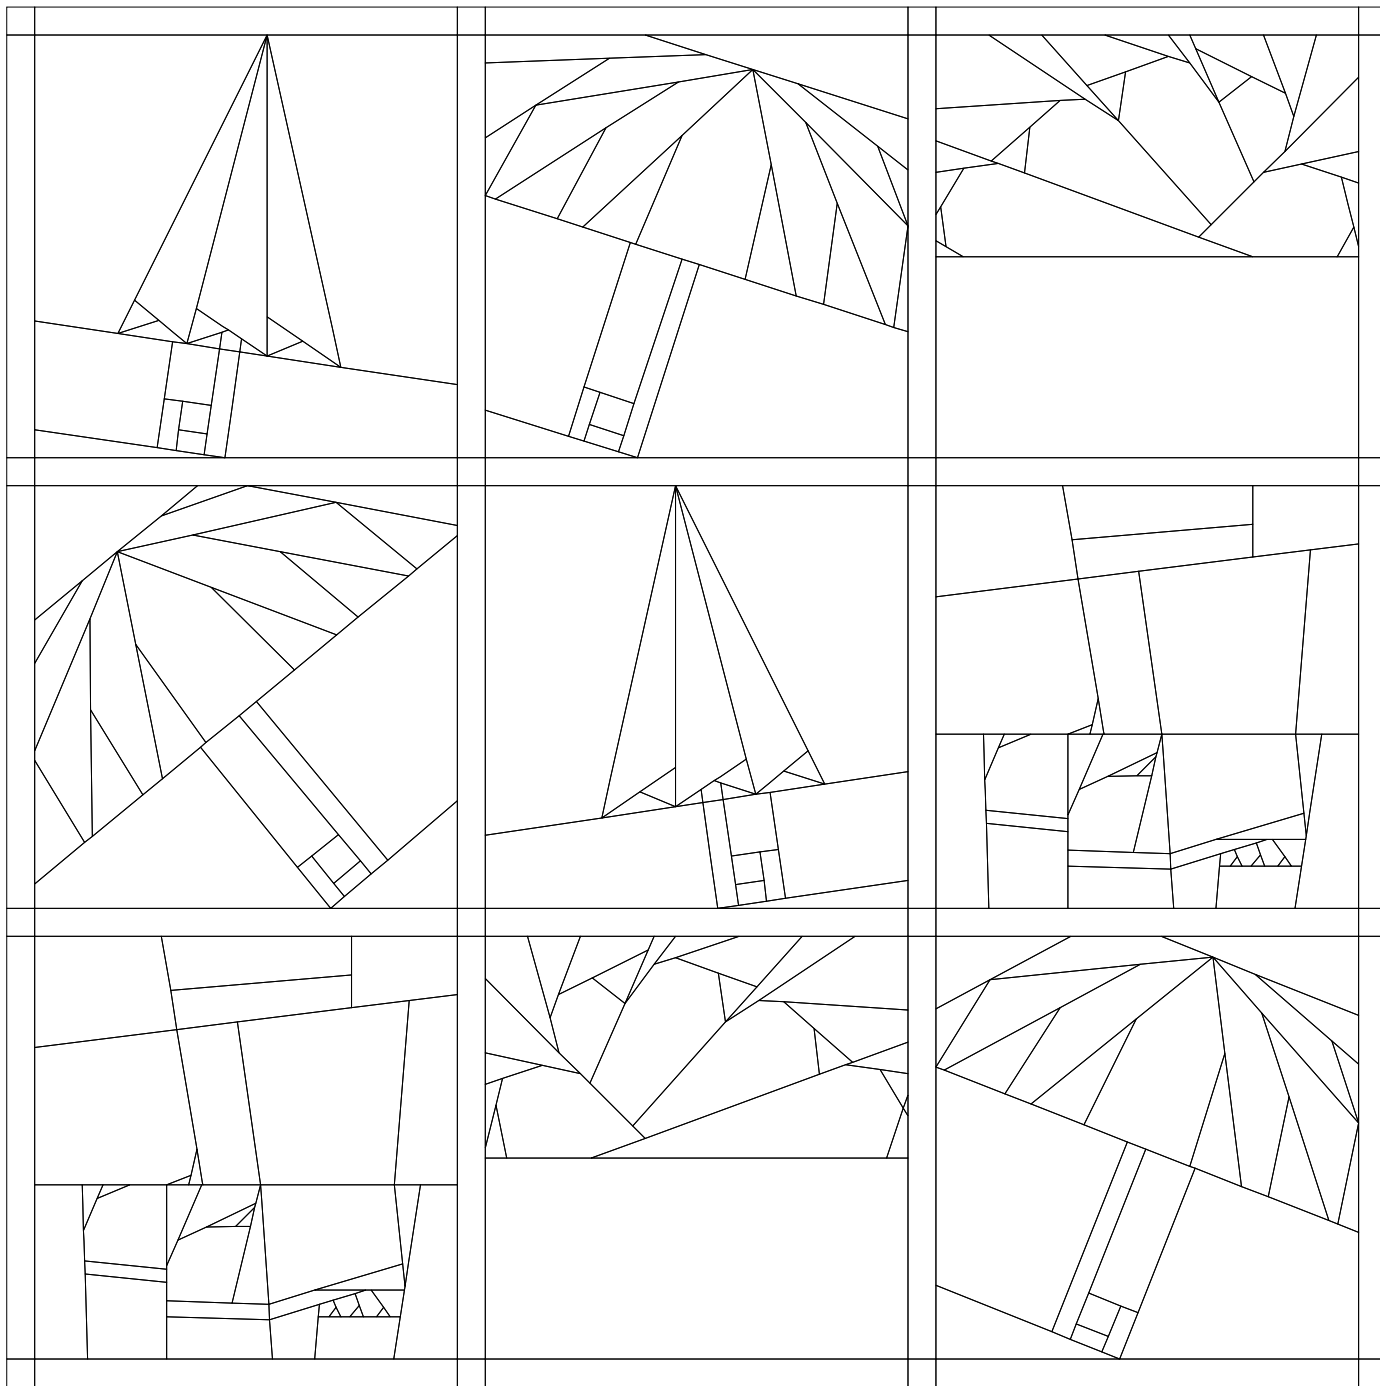

All patterns are already mirrored, so you can print them as they are. Please make sure that you print with no scaling (or 100%). These squares on your pattern should all be 2.5 x 2.5cm (or 1x1").

This square  
should be:  
2.5 x 2.5 cm

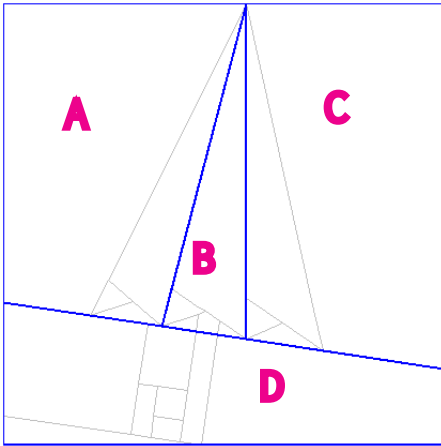

These drops can be used to applique on the quilt when all the piecing is done. Cut a few big ones and a lot of small ones and spread them all over your quilt for a nice rainy fall feeling.
